## Senator Kennedy's Message To N.Q.H.S.

### Young Leading The Way . . .

Like my brothers, President Kennedy and Senator Robert Kennedy, I have always had a tremendous respect for the youth of our nation. And I have also always known we have an outstanding group of young people in our commonwealth. Recently, I visited a number of high schools throughout the area, and my sense of pride in these young people was doubly confirmed.

Among the schools I visited were: North Quincy, Brockton, Lynn Classical, and Boston College High Schools. At each school I was enormously impressed by the vital and sensitive concern of the students in public issues. These young people asked probing and penetrating questions covering a broad range of issues — from the war to the economy. They listened with attention and a deep interest; they responded with enthusiasm and conviction. I sensed a deep and abiding commitment among all these young people to our country, and to the ideals and hopes which they themselves represent.

I wanted to share my reaction with you for all too often our young people are criticized for being aloof, arrogant or apathetic. I am pleased to state that this was not so — these students spoke to me from their hearts, but they also spoke from their minds. And as the next leaders of our commonwealth and our nation, these young people are a credit to us all. As our nation's youth calls for a renewed concern for the quality of human life, we of Massachusetts can be proud to know that our young people are leading the way.

Edward M. Kennedy  
Senator

Wisdom is not finally tested by the schools, wisdom cannot be pass'd from one having it to another not having it, wisdom is of the soul, is not susceptible of proof, is its own proof.

You're about to take a giant step forward into your future. We think we can make it the bright one you want it to be at New England Telephone. With a job that's every bit as big as your ambition. You see, we need people. With all kinds of talents. And especially, people who really want to get going with their future. And want to be rewarded with automatic raises. If you want a job and a future that's tailored to your talent... along with unusually generous fringe benefits, stop in and see your guidance counselor. Ask when and where you can apply for an interview with the people who want to make your future as happy as you want it to be.

Dear Graduating Senior,

As a graduate, you are embarking upon a whole new journey in life. You have completed the last step towards becoming an adult and must face the world as an individual, not as a sheltered high school student.

You have reached a new plateau in life, rich with privileges, but high in responsibilities. It's up to you to earn the privileges by accepting the responsibilities. You may marry soon. Some will go on to college. Some will start full time jobs. All of you have grown up!

Now that you must look towards the future that you will build for yourself, you must start your planning. A very important aspect of this planning is your life insurance program. Many of you have been covered under your parents' life insurance, many have had none. In either case, now is the time to provide for the future.

As students, most of you have been insured under the Derosier Plan during this, your senior year. We specialize in insurance for people your age and would be happy to continue the fine relationship we have had with you.

As a special offer to graduating seniors and members of their families under age 26, we are offering a \$5,000 modified Whole Life Insurance Policy, underwritten by Guarantee Trust Life Insurance Company of Chicago, with an introductory premium of only \$1.00 for the first six months.

You may inspect this policy and decide during this first six months if you want to keep it to begin your Life Insurance Program. We think you will, when you compare the premium and benefits with any other plan. If you decide to keep the plan, the premiums are only \$10.00 every six months through age 26.

As most of you know, we are not a high pressure sales organization. Through volume sales, we can offer the best coverage at the best prices. We have been around for a long time, and we are proud of our record of service to our insureds. For complete information, without obligation, drop us a line or give us a call, we will be glad to assist you at any time.

It's your responsibility to carry the ball now. Congratulations and Good Luck.

Sincerely,  
THE DEROSIER PLAN ADMINISTRATORS, INC.
